★ 1. Seeks capital gains

As illustrated, the Fund has continuously aimed to provide capital growth from quality stocks of well-managed and financially stable companies.

Percentage Growth, MYR, Since Launch - 30/11/2016

Source: Lipper, since launch on 26 April 1999 to 30 November 2016; NAV per unit-NAV per unit, income reinvested.

¹ Based on the Fund’s portfolio returns as at 31 October 2016, the Volatility Factor (VF) for this Fund is 10.2 and is classified as “High” (Source: Lipper). “High” includes funds with VF that are above 8.405 but not more than 10.775. The VF means there is a possibility for the Fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. VF is subject to monthly revision and VC will be revised every six months. The Fund’s portfolio may have changed since this date and there is no guarantee that the Fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and VC.

2. Seeks to invest in stocks which are selling at "deep discount"

Actively seeks stocks whereby prices have yet to accurately reflect the company's intrinsic value.

Holding larger investments in a few number of stocks of selected companies with potential returns.

Structured and focused investment process to identify businesses with potential to offer a higher value than reflected in its current market price.
