Manager's Review and Report

I. FUND INFORMATION

Fund Name

Hong Leong Money Market Fund

Fund Category

Money Market

Fund Type

Income

Investment Objective

The Fund aims to provide regular income* while maintaining capital stability** by investing primarily into deposits and money market instruments.

Duration of the Fund and its termination date, where applicable

Not Applicable

Benchmark

Maybank Overnight Deposit Rate

Distribution Policy

Distribution of income* will be on a quarterly basis, subject to availability of income.

Notes:

* Income will be distributed in the form of additional Units.

** Please take note that the Fund is not a capital guaranteed or a capital protected fund and that the returns are not guaranteed.

II. FUND PERFORMANCE

Chart 1: Performance of the Fund versus the benchmark covering the last five financial years

Source: Lipper for Investment Management, In Malaysian Ringgit terms, ex-distribution, NAV Per Unit-to-NAV Per Unit basis with gross income (if any) from HLMMF reinvested.

Past performance is not necessarily indicative of future performance and unit prices and investment returns may go down, as well as up.

Performance Review

This Annual Report covers the twelve-month financial year from 1 October 2022 to 30 September 2023.

The Fund posted a return of 3.37% (based on NAV Per Unit-to-NAV Per Unit basis with gross income (if any) from the Fund reinvested) in the past twelve months while its benchmark the Maybank Overnight Deposit Rate registered a return of 1.16%. During the financial year under review, the Fund had distributed 52 times of income distributions to its Unit holders. Unit holders should note that income distributions have the effect of reducing the Net Asset Value (NAV) per unit of the Fund after distributions. For a full

description of the income distributions, cum-distributions and ex-distributions NAV per unit of the Fund, kindly refer to section entitled 'Performance Data' at page 46-61.

For the five financial years ended 30 September 2023, the Fund registered a return of 13.98% compared to the benchmark's return of 4.65% while distributing a total gross income of 13.0912 sen per unit (net income of 13.0822 sen per unit).

III. INVESTMENT PORTFOLIO

Chart 2: Asset Allocation – October 2022 to September 2023

Chart 3: Sector Allocation as at 30 September 2023

Chart 4: Portfolio Composition by Ratings as at 30 September 2023

Strategies employed by the Fund during the period under review

There have been no significant changes to the core asset allocation of the Fund during the financial year under review.

The Fund's total net asset value is allocated into deposit placements with various financial institutions.

Currently, the Fund's duration is approximately 0.10 years.

An explanation on the differences in portfolio composition

There have been no changes in portfolio composition as all investments are being invested with the major local banks in Malaysia.

Operational review of the Fund

For the financial year under review, there were no significant changes in the state of affairs of the Fund or circumstances that would materially affect the interest of Unit holders up to the date of this Manager's report.

IV. MARKET REVIEW

During the financial year under review, the Federal Reserve (Fed) raised the Fed funds rate target range a total of 150 basis points (bps) from 3.75%-4.00% to 5.25%-5.50%, its highest level since 2008 as it continued to battle the worst outbreak of inflation in 40 years. However, the Fed kept the target range for the Fed funds rate unchanged at 5.25%-5.50% during the last September meeting and left the door open to another possible 25 bps rate hike for 2023. This was the second pause in the Fed's current rate hike cycle after having raised rates for five meetings in a row before taking a first pause in June followed by another 25 bps hike in July. While latest economic data show slower headline and core inflation, stronger growth outcome and ongoing labour market expansion has led the Fed committee to reduce its expectation of lowering policy rate by 50 bps in 2024.

Locally, inflation eased for the first time in seven months to +4.00% in the month of October and November and further down to a six-month low of +3.80% in December mainly weighed down by slower growth in food & non-alcoholic beverages. This brought the full-year 2022 inflation rate to an average of +3.30% (2021: +2.50%). Moving into 2023, inflation held steady at +3.70% in January and February, mainly supported by stronger growth in food & beverages, restaurants & hotels, as well as housing, utilities & other fuels. However, inflation gradually decelerated to the lowest level since August 2021 to +2.00% in August, mainly weighed down by the decline in transport as well as softer growth in food & beverages.

Meanwhile, Malaysia's real Gross Domestic Product (GDP) strengthened to +14.20% in the third quarter of 2022 as all economic sectors logged respectable growth. Subsequently, real GDP growth moderated to +7.00% in the fourth quarter of 2022, as low base effect dissipates. This brought the full-year 2022 growth to +8.70% (2021: +3.10%). Malaysia's real GDP continued to moderate further to +5.60% in the first quarter of 2023 and to +2.90% in the second quarter of 2023 as growth was weighed down by moderation across all sectors.

On the monetary end, Bank Negara Malaysia (BNM) decided to further tighten its monetary policy in November 2022 by raising the Overnight Policy Rate (OPR) by 25 bps to 2.75% as the economy recovered at a stronger pace. However, BNM kept the OPR unchanged unexpectedly at 2.75% in the January and March 2023 meeting, highlighting that as domestic economy is on a firmer path, it is important for BNM to reduce the degree of monetary policy accommodation in a measured and gradual manner. Thereafter, BNM raised the OPR again by 25 bps to 3.00% at the May meeting, stating that resilient domestic growth prospects allowed them to further normalise the degree of monetary accommodation, adding the need to ensure that the stance of monetary policy is appropriate to prevent the risk of future financial imbalances. Subsequently, BNM left the OPR unchanged at the July and September meeting.

V. FUTURE PROSPECTS AND PROPOSED STRATEGIES

BNM continues to expect growth to be driven by resilient domestic demand amid the challenging external environment and also highlighted that the current stance of monetary policy remains supportive of the economy and is consistent with the current assessment of inflation and growth.

As economic activity is expected to remain soft while inflation remains on a moderate trend, BNM would most likely to keep OPR unchanged at 3.00% in the last November 2023 Monetary Policy Committee (MPC) meeting.

As such, the fund will look to increase returns while moderately lengthening duration of money market placements.

VI. SOFT COMMISSIONS

The Manager may receive soft commissions from brokers/dealers in the form of goods and services such as research materials, data and quotation services incidental to investment management of the Fund and investment related publications. Such soft commissions received are utilised in the investment management of the Fund and are of demonstrable benefit to the Fund and Unit holders and there was no churning of trades.

During the financial year under review, the Fund has not received goods or services by way of soft commissions.

VII. SECURITIES LENDING OR REPURCHASE TRANSACTIONS

No securities lending or repurchase transactions have been carried out during the financial year under review.

VIII. CROSS TRADE TRANSACTIONS

No cross trade transactions have been carried out during the financial year under review.

STATEMENT BY THE MANAGER

I, Hoo See Kheng, as the Director of Hong Leong Asset Management Bhd, do hereby state that, in the opinion of the Manager, the financial statements set out on pages 16 to 45 are drawn up in accordance with the provision of the Deeds and give a true and fair view of the financial position of the Fund as at 30 September 2023 and of its financial performance, changes in equity and cash flows for the financial year ended 30 September 2023 in accordance with the Malaysian Financial Reporting Standards ("MFRS") and International Financial Reporting Standards ("IFRS").

For and on behalf of the Manager,
Hong Leong Asset Management Bhd
(Company No.: 199401033034 (318717-M))

TRUSTEE'S REPORT

TO THE UNIT HOLDERS OF HONG LEONG MONEY MARKET FUND ("Fund")

We have acted as Trustee of the Fund for the financial year ended 30 September 2023 and we hereby confirm to the best of our knowledge, after having made all reasonable enquiries, Hong Leong Asset Management Bhd has operated and managed the Fund during the year covered by these financial statements in accordance with the following:-

1. Limitations imposed on the investment powers of the management company under the deed, securities laws and the Guidelines on Unit Trust Funds;
2. Valuation and pricing is carried out in accordance with the deed; and
3. Any creation and cancellation of units are carried out in accordance with the deed and any regulatory requirement.

We are of the opinion that the distribution of income by the Fund is appropriate and reflects the investment objective of the Fund.

INDEPENDENT AUDITORS' REPORT

TO THE UNIT HOLDERS OF HONG LEONG MONEY MARKET FUND

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the financial statements of Hong Leong Money Market Fund ("the Fund") give a true and fair view of the financial position of the Fund as at 30 September 2023 and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

What we have audited

We have audited the financial statements of the Fund, which comprise the statement of financial position as at 30 September 2023, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 16 to 45.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the "Auditors' responsibilities for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund is responsible for the other information. The other information comprises the Manager's Review and Report, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to terminate the Fund, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.

- (d) Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

OTHER MATTERS

This report is made solely to the unit holders of the Fund and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 SEPTEMBER 2023

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

Hong Leong Money Market Fund (“the Fund”) was constituted pursuant to the execution of a Deed dated 13 June 2014 and Supplemental Deeds dated 25 March 2015, 20 July 2017, 25 May 2021, 1 October 2021, 18 May 2022 and 30 January 2023 (“the Deeds”) between the Manager, Hong Leong Asset Management Bhd and the Trustee, Deutsche Trustees Malaysia Berhad for the unit holders of the Fund.

The Fund aims to provide regular income while maintaining capital stability by investing primarily into deposits and money market instruments.

The investments of the Fund will essentially be in deposits and/or money market instruments that will mature within 365 days. At least 90% of the Fund’s net asset value will be invested in such instruments in Malaysia. However, the Fund is permitted to also invest in deposits and money market instruments (i.e. negotiable instruments of deposits (NIDs)) with maturity periods of more than 365 days but no longer than 732 days in Malaysia and these investments are limited to 10% of the Fund’s net asset value. The Fund commenced operations on 13 October 2014 and will continue its operations until terminated as provided under Part 12 of the Deed.

The Manager of the Fund is Hong Leong Asset Management Bhd, a company incorporated in Malaysia. The principal activity of the Manager is the management of unit trust funds, private retirement schemes and private investment mandates. Its holding company is Hong Leong Capital Berhad, a company incorporated in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad.

The financial statements were authorised for issue by the Manager on 27 November 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements:

(a) Basis of preparation

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS") and International Financial Reporting Standards ("IFRS").

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reported financial year. It also requires the Manager to exercise their judgment in the process of applying the Fund's accounting policies. The Manager believes that the underlying assumptions are appropriate and the Fund's financial statements therefore present the financial position results fairly. Although these estimates and judgment are based on the Manager's best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(i).

- (i) Amendments to published standard and interpretations that are relevant and effective 1 October 2022

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 October 2022 that have a material effect on the financial statements of the Fund.

- (ii) New standards, amendment and interpretations effective after 1 October 2022 and have not been early adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 October 2022. None of these are expected to have a material effect on the financial statements of the Fund, except the following set out below:

- Amendments to MFRS 101 'Classification of liabilities as current or non-current' clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity's expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant).

The amendment is effective for the annual financial reporting period beginning on or after 1 October 2024.

The amendment shall be applied retrospectively.

(b) Financial assets and financial liabilities

Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income ('OCI') or through profit or loss), and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flows characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Fund's debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

The Fund classifies cash at banks and amount due from the Manager as financial asset measured at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

The Fund classifies amounts due to the Manager, amount due to the Trustee, distribution payable and other payables and accruals as financial liabilities measured at amortised cost.

Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date – the date on which the Fund commits to purchase or sell the asset. Deposits with licensed financial institutions are initially recognised at fair value.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Deposits with licensed financial institutions are stated at cost plus accrued interest calculated on the effective interest rate method over the period from the date of placement to the date of maturity of the respective deposits, which is a close estimate of their fair value due to the short term nature of the deposits. Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective interest rate method.

Impairment

The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward looking information in determining any expected credit loss. Management considers the probability of default to be closed to zero as these instruments have a low risk of default

and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of obligor's sources of income or assets to generate sufficient future cash flows to pay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial year.

(c) Functional and presentation currency

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is the Fund's functional and presentation currency.

(d) Income recognition

Interest income from deposits with licensed financial institutions and auto-sweep facility bank account are recognised on the effective interest rate method on an accrual basis.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(e) Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents comprise cash at banks and deposits held in highly liquid investments that are readily convertible to known amounts of cash with an original maturity of three months or lesser which are subject to an insignificant risk of changes in value.

(f) Taxation

Current tax expense is determined according to Malaysian tax laws at the prevailing tax rate based on the taxable profit earned during the financial year.

(g) Distributions

A distribution to the Fund's unit holders is accounted for as a deduction from realised reserve. A proposed distribution is recognised as a liability in the financial year in which it is approved by the Board of Directors of the Manager.

(h) Unit holders' capital

The unit holders' contributions to the Fund meet the criteria to be classified as equity instruments under MFRS 132 "Financial Instruments: Presentation". Those criteria include:

- the units entitle the unit holder to a proportionate share of the Fund's net asset value;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase the units; and
- the total expected cash flows from the units over its life are based substantially on the profit or loss and change in the net asset value of the Fund.

The outstanding units are carried at the redemption amount that is payable at the date of the statement of financial position if unit holder exercises the right to put the unit back to the Fund.

Units are created and cancelled at prices based on the Fund's net asset value per unit at the time of creation and cancellation. The Fund's net asset value per unit is calculated by dividing the net assets attributable to unit holders with the total number of outstanding units.

(i) Critical accounting estimates and judgments in applying accounting policies

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information content of the estimates, certain key variables that are anticipated to have material impact to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgments are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In undertaking any of the Fund's investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the Securities Commission Malaysia's Guidelines on Unit Trust Funds.

However, the Manager is of the opinion that there are no accounting policies which require significant judgment to be exercised.

3. FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks which include market risk (inclusive of interest rate risk), credit risk, liquidity risk and capital risk.

Financial risk management is carried out through internal control process adopted by the Manager and adherence to the investment restrictions as stipulated in the Prospectus.

The following table analyses the financial assets and financial liabilities of the Fund in the statement of financial position as at the reporting date:

	Financial assets at FVTPL RM	Financial assets/ liabilities at amortised cost RM	Total RM
2023			
<u>Financial assets</u>			
Cash at banks	-	355,863	355,863
Amount due from the Manager			
-creation of units	-	5,060,751	5,060,751

Other payables and accruals	-	11,501	11,501
	-	<u>1,328,767</u>	<u>1,328,767</u>

(a) Market risk

(i) Interest rate risk

Interest rate risk is the risk that the value of the Fund's investments and its return will fluctuate because of changes in market interest rates.

Interest rate is a general economic indicator that will have an impact on the management of the Fund. The Fund's exposure to the interest rate risk is mainly confined to short term placements with licensed financial institutions. The Manager overcomes the exposure by way of maintaining deposits on a short term basis.

As at end of each reporting year, the Fund is not exposed to a material level of interest rate risk as the deposits with licensed financial institutions are placed on a short term basis.

(b) Credit risk

Credit risk refers to the risk that an issuer or counterparty will default on its contractual obligation resulting in financial loss to the Fund.

The credit risk arising from placements of deposits with licensed financial institutions is managed by ensuring that the Fund will only place deposits in reputable licensed financial institutions.

The settlement terms of the proceeds from the creation of units receivable from the Manager are governed by the Securities Commission Malaysia's Guidelines on Unit Trust Funds.

The following table sets out the credit risk concentration of the Fund at the end of each reporting year:

	Cash at banks RM	Financial assets at FVTPL RM	Amount due from the Manager - creation of units RM	Total RM
2023				
- AAA	711	1,677,484,521	-	1,677,485,232
- AA1	355,152	-	-	355,152
- AA2	-	370,681,932	-	370,681,932
- AA3	-	155,734,169	-	155,734,169
- NR	-	-	5,060,751	5,060,751
Total	355,863	2,203,900,622	5,060,751	2,209,317,236
2022				
- AAA	786	1,627,356,420	-	1,627,357,206
- AA1	584,902	351,862,985	-	352,447,887
- AA3	-	501,725,103	-	501,725,103
- NR	-	-	2,367,493	2,367,493
Total	585,688	2,480,944,508	2,367,493	2,483,897,689

All financial assets of the Fund are neither past due nor impaired.

(c) Liquidity risk

Liquidity risk is the risk that investments cannot be readily sold at or near its actual value without taking a significant discount. This will result in lower net asset value of the Fund.

The Manager manages this risk by maintaining sufficient level of liquid assets to meet anticipated payments and cancellations of the units by unit holders. Liquid assets comprise cash at banks, deposits with licensed financial institutions and other instruments.

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period as at the end of each reporting year to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Less than 1 month RM	1 month to 1 year RM	Total RM
2023			
<u>Financial liabilities</u>			
Amount due to the Manager			
-management fee	634,079	-	634,079
Amount due to the Trustee	14,615	-	14,615
Distribution payable	328,447	-	328,447
Other payables and accruals	-	9,169	9,169
Contractual cash out flows	977,141	9,169	986,310
2022			
<u>Financial liabilities</u>			
Amount due to the Manager			
-cancellation of units	1,000	-	1,000
-management fee	735,798	-	735,798
Amount due to the Trustee	16,795	-	16,795
Distribution payable	563,673	-	563,673
Other payables and accruals	-	11,501	11,501
Contractual cash out flows	1,317,266	11,501	1,328,767

(d) Capital risk

The capital of the Fund is represented by equity consisting of unit holders' capital and retained earnings. The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unit holders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unit holders' and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

(e) Fair value estimation

Financial instruments comprise financial assets and financial liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The information presented herein represents the estimates of fair values as at the date of the statement of financial position.

The Fund's financial assets and financial liabilities are measured on an ongoing basis at either fair value or at amortised cost based on the respective classification.

The fair value of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the reporting date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each year end date. Valuation techniques used for non-standardised financial instruments such as options, currency swaps and other over-the-counter derivatives, include the use of comparable recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

For instruments for which there is no active market, the Fund may use internally developed models, which are usually based on valuation methods and techniques generally recognised as standard within the industry. Valuation models are used primarily to value unlisted equity, debt securities and other debt instruments for which market were or have been inactive during the financial year. Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including model risk, liquidity risk and counter party risk.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis.

(i) Fair value hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2); and
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that requires significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy of the Fund's financial assets (by class) measured at fair value:

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
2023				
<u>Financial assets</u>				
<u>at FVTPL:</u>				
- Deposits with licensed financial institutions		- 2,203,900,622	- 2,203,900,622	
2022				
<u>Financial assets</u>				
<u>at FVTPL:</u>				
- Deposits with licensed financial institutions		- 2,480,944,508	- 2,480,944,508	

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include deposits with licensed financial institutions. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information. The Fund's policies on valuation of these financial assets are stated in Note 2(b).

- (ii) The carrying values of financial assets (other than financial assets at FVTPL) and financial liabilities are a reasonable approximation of their fair values due to their short term nature.

4. MANAGEMENT FEE

In accordance with Division 13.1 of the Deed, the Manager is entitled to a management fee of up to 1.00% per annum calculated daily based on the net asset value of the Fund.

For the financial year ended 30 September 2023, the management fee is recognised at a rate of 0.35% (2022: 0.30%) per annum.

There is no further liability to the Manager in respect of management fee other than the amount recognised above.

5. TRUSTEE'S FEE

In accordance with Division 13.2 of the Deed, the Trustee is entitled to a fee not exceeding 0.01% subject to a minimum of RM10,000 per annum calculated daily based on the net asset value of the Fund.

For the financial year ended 30 September 2023, the Trustee's fee is recognised at an average rate of 0.00810% (2022: 0.00708%) per annum.

There is no further liability to the Trustee in respect of Trustee's fee other than the amount recognised above.

6. TAXATION

	2023 RM	2022 RM
Tax charge for the financial year:		
Current taxation	-	-

The numerical reconciliation between profit before taxation multiplied by the Malaysian statutory income tax rate and tax expense of the Fund is as follows:

	2023 RM	2022 RM
Profit before taxation	69,698,545	99,911,607
Taxation at Malaysian statutory rate of 24% (2022: 24%)	16,727,651	23,978,786
Tax effects of:		
Investment income not subject to tax	(18,560,344)	(28,380,011)
Expenses not deductible for tax purposes	42,190	84,735
Restriction on tax deductible expenses for unit trust fund	1,790,503	4,316,490
Taxation	-	-

7. DISTRIBUTIONS

Gross/net distribution per unit (sen)	0.0640	0.0900
Distribution on 4/5 September		
Gross/net distribution per unit (sen)	0.0650	0.1700
Distribution on 11/12 September		
Gross/net distribution per unit (sen)	0.0650	0.0940

	2023 RM	2022 RM
Distribution on 18/19 September		
Gross/net distribution per unit (sen)	0.0630	0.0460
Distribution on 25/26 September		
Gross/net distribution per unit (sen)	0.0650	0.0470

Net distributions above are sourced from prior and current financial year's realised income. Gross distributions are derived using total income less total expenses.

Gross distribution per unit is derived from net realised income less expenses divided by units in circulation, while net distribution per unit is derived from net realised income less expenses and taxation divided by units in circulation.

8. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS ("FVTPL")

	2023 RM	2022 RM
<u>Financial assets at FVTPL:</u>		
Deposit with licensed financial institutions	2,203,900,622	2,480,944,508

Financial assets at FVTPL as at 30 September 2023 are as detailed below:

	Nominal value RM	Aggregate cost RM	Fair value RM	Percentage of net asset value %
DEPOSITS WITH LICENSED FINANCIAL INSTITUTIONS*				
AmBank (M) Berhad	369,058,000	370,681,932	370,681,932	16.79
Bank Islam Malaysia Berhad	154,931,000	155,734,169	155,734,169	7.05

RHB Bank Berhad	351,355,000	351,862,985	351,862,985	14.17
TOTAL DEPOSITS WITH LICENSED FINANCIAL INSTITUTIONS	2,475,928,000	2,480,944,508	2,480,944,508	99.93

* The weighted average effective interest rates per annum are as follows:

	2023 %	2022 %
Deposits with licensed financial institutions	3.73	2.97

Deposits with licensed financial institutions have an average remaining maturity of 35 days (2022: 44 days).

9. UNITS IN CIRCULATION

	2023 No. of units	2022 No. of units
At the beginning of the financial year	2,481,855,540	10,692,906,044
Add: Creation of units during the financial year		
- Arising from applications	1,143,793,916	4,165,830,090
- Arising from distributions	53,117,700	53,763,808
Less: Cancellation of units during the financial year	(1,471,465,123)	(12,430,644,402)
At the end of the financial year	2,207,302,033	2,481,855,540

10. TOTAL EXPENSE RATIO ("TER")

	2023 %	2022 %
TER	0.36	0.33

Total expense ratio includes management fee, Trustee's fee, auditors' remuneration, tax agent's fee and other expenses for the financial year divided by the Fund's average net asset value calculated on a daily basis and is calculated as follows:

$$\text{TER} = \frac{(A+B+C+D+E)}{F} \times 100$$

Where;

A = Management fee

B = Trustee's fee

C = Auditors' remuneration

D = Tax agent's fee

E = Other expenses

F = Average net asset value of the Fund calculated on a daily basis

The average net asset value of the Fund for the financial year calculated on a daily basis is RM2,109,998,147 (2022: RM5,500,525,234).

11. PORTFOLIO TURNOVER RATIO ("PTR")

	2023 Times	2022 Times
PTR	8.06	11.64

PTR is derived from the following calculation:

(Total placement for the financial year + total maturity for the financial year) / 2

Average net asset value of the Fund for the financial year calculated on a daily basis

Where: total placement for the financial year

= RM16,858,511,000 (2022: RM59,932,263,000)

total maturity for the financial year

= RM17,139,670,000 (2022: RM68,110,460,000)

12. UNITS HELD BY THE MANAGER AND RELATED PARTIES TRANSACTIONS AND BALANCES

The related parties and their relationships with the Fund are as follows:

<u>Related parties</u>	<u>Relationships</u>
Hong Leong Asset Management Bhd	The Manager
Hong Leong Islamic Asset Management Sdn Bhd	Subsidiary of the Manager
Hong Leong Capital Berhad	Holding company of the Manager
Hong Leong Financial Group Berhad ("HLFG")	Ultimate holding company of the Manager
Subsidiaries and associates of HLFG as disclosed in its financial statements	Subsidiaries and associate companies of the ultimate holding company of the Manager

Units held by related parties of the Manager

	30.09.2023		30.09.2022	
	Units	RM	Units	RM
HLA Holdings Sdn Bhd	184,430,133	184,522,348	167,159,119	167,209,267
HLIB Nominees (Asing) Sdn Bhd	49,750	49,775	48,459	48,474
HLIB Nominees (Tempatan) Sdn Bhd	155,415	155,493	4,036,727	4,037,938
	<u>184,635,298</u>	<u>184,727,616</u>	<u>171,244,305</u>	<u>171,295,679</u>

The above units were transacted at the prevailing market price.

No units were held by the Manager as at 30 September 2023 and 30 September 2022.

In addition to related party disclosures mentioned elsewhere in the financial statements, set out below are other related party transactions and balances. The Manager is of the opinion that all transactions with the related companies have been entered into at agreed terms between the related parties.

	2023 RM	2022 RM
<u>Related party balances</u>		
Cash at bank:

Performance Data

(viii) Total Expense Ratio (TER)

(ix) Portfolio Turnover Ratio (PTR) (times)

B Average Total Return, NAV Per Unit-to-NAV Per Unit basis (as at 30/09/2023)*

- (i) One year
- (ii) Three years
- (iii) Five years

* Source: Lipper For Investment Management
(Returns are calculated after adjusting for distributions and/or additional units, if any)

The PTR decreased by 3.58 times (30.76%) to 8.06 times for the financial year ended 30 September 2023 versus 11.64 times for the financial year ended 30 September 2022 mainly due to lower level of rebalancing activities undertaken by the Fund.

Financial Year 30/09/2022- 30/09/2023 %	Financial Year 30/09/2021- 30/09/2022 %	Financial Year 30/09/2020- 30/09/2021 %
0.36%	0.33%	0.47%
8.06#	11.64	6.78
3.37%		
2.36%
